

Zara's World Book Day Art Gallery

Grab your pencils and paints—let's bring our favourite stories to life with colour and pattern!

- **Zara the zebra loves to see patterns everywhere; try drawing stripes or spots on your favourite book character.**
- **You can mix primary colours like red, yellow, and blue to make new colours for your book cover design.**
- **Using different textures like bumpy sponges or soft brushes can make your art look exciting and unique.**
- **World Book Day is a time to celebrate the wonderful stories we read and the adventures we take in our minds.**
- **Think about your favourite story; what does the main character look like, and what colours would you use to paint them?**

Did you know? Did you know? Every book has an 'illustrator'—that is a special artist who draws the pictures you see on the pages to help tell the story!
