

Kit's Cybersecurity Superhero Guide

Learning objective: To understand how to stay safe online by creating strong passwords and identifying private information.

Kit the fox wants to help you stay safe on the computer. Read each box carefully. Use the word bank to help you fill in your answers. Write in short, clear sentences.

Word bank: Password · Private · Strong · Stranger · Personal · Secure

1. 1. What is a 'strong' password? Write a tip to make a password hard for others to guess. (2 marks)

2. 2. List three pieces of information that must stay 'private' (e.g., your address or full name). (3 marks)

3. 3. If a person you do not know sends you a message online, what should you do? (2 marks)

4. 4. Why is it important to tell a trusted adult if something online makes you feel worried? (2 marks)

Extension challenge: Design a 'Safety Shield' for your computer. Draw a picture of a shield and write three golden rules for being safe online inside it.
