

Kit's Clever Computing: Staying Safe Online

Learning objective: To understand how to keep personal information private and recognise the importance of strong passwords.

Read each question carefully. Use the word bank to help you complete your answers. If you get stuck, look at the clues in the questions.

Word bank: password · private · stranger · information · secret

1. Kit the fox says: 'Your full name, home address, and school name are personal _____.'. Should you share these with people you do not know online? (Yes or No) (2 marks)

2. Why should you keep your online password a secret? Finish this sentence: I keep my password a secret to make sure my accounts stay _____. (2 marks)

3. If someone you do not know asks you for your home address in a chat, what should you do? Start your sentence with: I should tell a trusted _____. (2 marks)

4. Which of these is a better password? Circle your choice:

A) 12345

B) BlueElephant99! (1 mark)

Draw: Draw a picture of a 'Digital Shield'. Inside the shield, draw three things you should keep private, such as your home address or your password.

Extension challenge: Think of a strong password that is easy for you to remember but hard for others to guess. Write it down on a piece of paper and hide it safely at home!
