

Adjective Adventure with Max the Monkey

Learning objective: To use a wide range of adventurous and precise adjectives to enhance descriptive writing and visual literacy.

Max the Monkey is planning a jungle feast! Follow the drawing prompt to create his banquet scene, then use the word bank to label your drawing with effective adjectives. Make sure your choices help the reader picture exactly what the food and the jungle look like.

Draw: Create a detailed scene featuring Max the Monkey in the heart of a rainforest. Draw a large, ancient tree with sprawling branches above him. On the ground, illustrate a banquet of exotic tropical fruits of various shapes and sizes. Use a 'zoomed-in' artistic style for the textures of the fruit peels and the tree bark. Ensure the scene looks inviting and bright, using patterns to represent the leaves and sunlight filtering through the canopy.

Label words: succulent · vibrant · colossal · gnarled · radiant · dazzling · prickly · enormous · emerald · scrumptious

Steps:

1. Step 1: Draw Max sitting under a tree. Label one part of the tree using an adjective from the word bank that describes its texture.
2. Step 2: Draw a large pile of fruit next to Max. Label two of the fruits using two different adjectives to

describe their appearance.

3. Write a sentence describing the atmosphere of Max's feast. Include at least two adjectives from the word bank.

4. Explain why the adjective 'colossal' might be a better choice than the word 'big' when describing a jungle tree.

5. Invent one new adjective that could describe how the fruit tastes and add it to your drawing.
