

Ma Journée à l'École avec Rosa

Explore your classroom in French with Rosa the Parrot!

- **Le français est une langue magnifique. Can you identify which school subject focuses on numbers and calculations?**
- **La récréation is the favourite time for many pupils. It is the perfect opportunity to play with friends outside.**
- **L'histoire helps us understand the past. Can you name a historical event you have studied in class?**
- **Les sciences allow us to investigate the natural world. Bea the Bee uses science every day to study flowers!**
- **Le déjeuner is important for energy. Do you know how to say 'I like school' in French? (Clue: J'aime...)**

Did you know? Did you know? In France, the school day is often longer than in the UK! Many French primary schools finish at 4:30 pm, but children often have a longer lunch break to enjoy a nutritious meal together.

Key vocabulary: l'école (f) - school · le français - French · les maths (f) - maths · l'histoire (f) - history · les sciences (f) - science · le déjeuner - lunch · la récréation - break time · le professeur - the teacher · j'aime - I like · je n'aime pas - I do not like
