

Finn's Amazing African Adventure

Pack your bags and travel with Finn the Dolphin to discover the wonders of Africa!

- **The Sahara Desert is the biggest hot desert in the world and covers a large part of Northern Africa.**
- **The River Nile is one of the longest rivers on Earth, flowing north through many African countries.**
- **The Equator is an imaginary line that runs right through the middle of Africa, making the climate very warm.**
- **A savannah is a large area of flat grassland with very few trees, where many wild animals like to roam.**
- **Africa is home to the highest mountain on the continent, Mount Kilimanjaro, which has a snowy top even in the heat.**

Did you know? Did you know? Africa is the second largest continent in the world! It has 54 different countries, each with its own special traditions and landscapes.
