

Finn's Mountain Explorer Map

Learning objective: To identify and label the different parts of a mountain environment.

Finn the dolphin is exploring the land! Help him label the parts of the mountain. Look at the diagram and write the correct word from the word bank into the box. Use the short sentences to help you.

Word bank: Peak · Slope · Foot · Valley · Snow

1. 1. The very top of the mountain is called the _____. It is often covered in ice. (1 mark)

2. 2. The low, flat land between two mountains is called a _____. It is often green. (1 mark)

3. 3. The side of the mountain where you climb is called the _____. It is a slanted surface. (1 mark)

4. 4. The bottom of the mountain where the climb starts is called the _____. It sits on the ground. (1 mark)

Draw: Draw a large mountain in the space below. Label your drawing with the words: Peak, Slope, and Foot.

Extension challenge: Imagine you are climbing a mountain with Finn. What would you pack in your bag? Write a list of 3 things you would need to stay safe and warm.
