

Exploring South America with Finn the Dolphin

Dive into the wonders of South America! Follow Finn the Dolphin as we explore a land of rainforests, mountains, and rivers.

- South America is a large continent found in the Southern Hemisphere.
- The massive Andes mountain range runs along the west coast of the continent.
- The Amazon River is the second longest river in the world.
- The Equator passes through the northern part of South America, making it very warm there.
- Many countries in South America have Spanish or Portuguese as their main language.

Did you know? Did you know? South America is home to the world's largest rainforest, the Amazon! It is so big that it produces about 20% of the oxygen on Earth.
