

Max's Magnificent Division Flashcards

Learning objective: To recall division facts for 3, 4, and 8 multiplication tables and understand division as sharing.

Read the front of the card to test your knowledge. Flip it over (or check the answer after the pipe symbol) to see if you are correct. Can you help Max the monkey solve these puzzles?

What is $12 \div 3$?

4

If Max has 20 bananas and shares them equally between 4 friends, how many does each friend get?

5

What is the name of the number you are dividing?

Dividend

What is $32 \div 8$?

4

Complete this: $24 \div 3 = ?$

8

What do we call the answer to a division problem?

Quotient

Max has £16. If a sticker costs £2, how many stickers can he buy?

8

What is $40 \div 4$?

10

What is $16 \div 8$?

2

If you have 15 sweets and share them between 3 children, how many does each child get?

5

What is the number you divide by called?

Divisor

True or False: Division is the opposite of multiplication.

True
