

Max's Time-Telling Toolkit

Learning objective: To understand and use vocabulary related to telling the time and measuring duration in years, months, weeks, days, hours, and minutes.

Key Vocabulary

Max the monkey has organised these time words into categories to help you solve your maths puzzles. Read through these definitions to build your knowledge of how we measure time.

Max starts his ma...	If it is 3:15, which... 'quarter past', 'half past'...	How many days a...
