

Max the Monkey's Times Tables Tracker

Learning objective: To recall and use multiplication facts for the 2, 5, and 10 multiplication tables.

Max the Monkey loves solving puzzles! Use this sheet to practise your times tables. Choose a times table to focus on, complete the number sentences, and show your working out in the boxes provided.

Word bank: multiply · groups of · total · equal · times table · product

1. Choose a times table to practise (2s, 5s, or 10s). Write the number sentences for the first five multiples here: (5 marks)

2. Max has 6 bunches of bananas. If there are 5 bananas in each bunch, how many bananas does he have in total? Show your working: (2 marks)

3. If you have 40p and you want to buy stickers that cost 10p each, how many stickers can you buy? Write your calculation: (2 marks)

4. Explain why 5×2 is the same as 2×5 . You can use a drawing or words to help you: (2 marks)

5. Create your own word problem using the 2 times table for a friend to solve: (2 marks)

Extension challenge: Can you challenge yourself by writing the 3 times table on the back of this sheet?
