

Max the Monkey's Times Tables Challenge

Learning objective: To recall and apply multiplication facts up to 12×12 to solve mental maths problems efficiently.

Use these flashcards to test your rapid recall of multiplication facts. Max the Monkey says: 'If you know 7×8 , you also know 8×7 !' Try to answer each one as quickly as possible.

What is 7×8 ?

56

What is 12×9 ?

108

What is 6×7 ?

42

What is 11×11 ?

121

What is 8×9 ?

72

Max buys 6 punnets of strawberries at £4 each. How much does he spend in total?

£24
