

My Wonderful World of Friends

Learning objective: To understand that everyone is unique and to celebrate the diversity of our friends and community.

Today, we are going to draw a picture of our friends! Remember that we are all special because we have different interests, appearances, and things we love to do. Use your crayons to draw a scene where your friends are playing together.

Draw: Draw a large playground scene featuring Zara the Zebra and her friends playing together. Include at least three different characters showing their unique skills—for example, one person reading a book, one person drawing with chalk, and one person playing ball. Use bright colours and ensure every character is smiling and included in the group.

Label words: kind · unique · friend · happy · together · different

Steps:

1. Draw a friend who likes to do something different to you. What is one thing they love to do?
2. Why is it important to include everyone in our games?
3. Look at your drawing. Can you label one thing that makes your friend feel special?
4. If you and a friend wanted to buy a treat to share, and it cost £2, how many £1 coins would you need?

5. How can you show kindness to a friend who is feeling a bit shy today?
