

# Staying Safe in the Digital World: A Guide by Kit the Fox

*Learning objective: To understand how to identify risks online, protect personal information, and demonstrate respectful digital behaviour.*

Use this writing frame to create a comprehensive safety guide. Imagine you are teaching a younger student how to be a responsible digital citizen. Use the word bank to help connect your ideas and ensure your tone is clear and encouraging.

In our modern world, the internet provides a vast library of knowledge and connection, but it is essential that we navigate it with wisdom and caution.

*Word bank: Furthermore · Consequently · In addition · However · Digital footprint · Privacy settings · Respectful interaction · Cyber-resilience · Reliable sources · Constructive · Secure · Verification*

**1. Personal Privacy: Why is it vital to keep personal information private online, and what specific details should you never share? Use the starter: Protecting personal data is crucial because... (2 marks)**

---

---

---

**2. Digital Relationships: How can you ensure your interactions with others online remain kind and positive? Use the starter: When communicating in digital spaces, one must always... (2 marks)**

---

---

---

**3. Evaluating Information: Explain why not everything we read online is true. How can we verify the reliability of a website? Use the starter: To distinguish between fact and opinion online, it is necessary to... (2 marks)**

---

---

---

---

**4. Seeking Help:** Justify the importance of telling a trusted adult if something makes you feel uncomfortable or worried online. Use the starter: If an online experience causes distress, the most effective course of action is to... (2 marks)

---

---

---

**5. Digital Footprint:** Explain what is meant by a 'digital footprint' and how your current actions might affect your future reputation. Use the starter: A digital footprint acts as a permanent record of... (2 marks)

---

---

---

**6. Critical Thinking:** What might happen if society stopped teaching children about online safety? Discuss the potential consequences for digital wellbeing. (3 marks)
