

Friends Play Together

Learning objective: To understand the importance of kindness, sharing, and playing cooperatively with others.

Talk about what makes a good friend. Then, colour in the picture and complete the labels below.

Colour this: A sunny park scene featuring Leo the lion and Zara the zebra playing together. Leo is holding a colourful ball, and Zara is sitting on a picnic blanket with a basket. They are both smiling. There is a large, friendly oak tree in the background with a swing hanging from a branch. Include simple outlines of flowers in the grass and a bright sun in the corner of the sky to be coloured in.

Steps:

1. Label the friend who is sharing the ball.
2. Label the friend who is smiling.
