

A Journey of Faith: My Pilgrimage Map

Learning objective: To understand the meaning of a pilgrimage by drawing a journey to a special place.

Follow the steps below to create your own pilgrimage drawing. You can draw your picture in the space provided on your paper. Use the word bank to help you label your drawing.

Draw: Draw a winding path that leads from the bottom of the page to a beautiful building or a peaceful natural spot at the top. Use bright colours to show that the journey is a happy and important one. Include a character walking on the path with a small backpack.

Label words: traveller · special place · path · luggage · meaningful object

Steps:

1. Step 1: Draw a person who is going on a journey. What is the name of your traveller?
2. Step 2: Draw the 'special place' at the end of the path. Why is this place special to the traveller?
3. Step 3: Label your drawing using the words from the word bank.
4. Step 4: Think of one thing the traveller might carry in their bag. Draw it and write its name.
