

Rosa's Transport Adventure

Learning objective: To learn Spanish names for different types of transport by drawing and labelling.

Rosa the parrot wants to go on a trip! Use the word bank to label the vehicles in your drawing. Follow the steps to help Rosa choose how to travel.

Draw: Create a large, colourful scene showing a landscape. Include a road for the car and bus, a set of train tracks, and a clear blue sky for the plane. Keep the drawing simple and bright. Place Rosa the parrot somewhere in the picture, perhaps sitting on a signpost or looking at the vehicles.

Label words: el coche · el autobús · el tren · el avión · la bicicleta

Steps:

1. Step 1: Draw a red car (el coche) on the road. Write the Spanish word next to it.
2. Step 2: Draw a large blue bus (el autobús) near the bus stop.
3. Step 3: Draw a fast train (el tren) on a track.
4. Step 4: Draw a plane (el avión) in the sky above the clouds.
