

Zara's Creative Collage Guide

Get creative with Zara! Cut, layer, and glue to make a masterpiece!

- A collage is a piece of art made by sticking different materials onto a apartment surface.
- You can use paper, fabric, photographs, and natural items like leaves to add texture.
- Layering means placing one piece on top of another to create depth in your work.
- Think about your composition by moving your pieces around the page before you use any glue.
- Repeating patterns can make your collage look bold and bright!

Did you know? Did you know? The word 'collage' comes from the French word 'coller', which means 'to glue'! Artists have been using this technique for over a hundred years to create exciting new pictures from old scraps.
