

Grade 3 Art Assessment: The World of Color

Learning objective: To understand primary and secondary colors, and how to mix them to create new shades.

Read each question carefully. Use the word bank if you need help. You can use your colored pencils to help you think about your answers.

Zara the Zebra loves to paint. She uses her special palette to make new colors for her art. Zara knows that some colors are special because you cannot make them by mixing others. Other colors are made by mixing two of those special colors together.

Word bank: Primary · Secondary · Mix · Red · Yellow · Blue · Green · Orange · Purple

1. 1. Name the three primary colors. (3 marks) (3 marks)

2. 2. If you mix red and yellow paint, what color do you make? (1 mark) (1 mark)

3. 3. Which two colors do you need to mix to make green? (2 marks) (2 marks)

4. 4. Zara wants to paint a sunset. She has £5.00 to spend on paint. If a tube of blue paint costs £2.00, how much money will she have left? (4 marks) (4 marks)

5. 5. Explain what a 'secondary color' is. Use the word bank to help you. (5 marks) (5 marks)

Draw: In the box below, draw a simple color wheel showing the three primary colors and the three secondary colors. (10 marks)

Extension challenge: Total: /25. Imagine you are Zara the Zebra. Write a short poem (4 lines) about your favorite color and how it makes you feel when you paint with it.
