

Exploring Our Continent: Europe with Finn the Dolphin

Dive into discovery! Join Finn the Dolphin as he charts a course across the diverse landscape of Europe.

- Europe is bordered by the Arctic Ocean to the north and the Mediterranean Sea to the south.
- The Alps are one of the most famous mountain ranges in Europe, stretching across eight different countries.
- Europe is part of a larger landmass called Eurasia, which it shares with the continent of Asia.
- The River Volga is the longest river in Europe, flowing through Russia and into the Caspian Sea.
- Europe features a wide variety of climates, from the frozen arctic tundra in the north to the warm, sunny Mediterranean coast.
- Many European countries use the Euro as their currency, though others, like the United Kingdom, use the British Pound (£).

Did you know? Did you know? Europe is the second-smallest continent by surface area, yet it is home to over 700 million people and is made up of about 50 different countries!
