

Exploring Our Local History with Ellie the Elephant

Learning objective: To identify and describe features of the local area from the past and present.

Look at the picture of the local high street. Color in the old stone building and the new store. Think about how our town has changed over time!

Colour this: A side-by-side view of a local high street. On the left, draw an old, grand stone building with a traditional wooden sign hanging above the door and a carriage wheel resting against the wall. On the right, draw a modern store with a large glass window showing toys and a bicycle parked outside. In the center, draw Ellie the Elephant standing with a notepad, looking at both buildings. Use clear, thick outlines for the buildings, the cobblestones on the ground, and Ellie.

Steps:

1. Label the old building in your picture.
2. Label the new store in your picture.
