Max’s Christmas Math Flashcards

Learning objective: To practice basic math skills using festive themes, including addition, money, and simple multiplication.

Read the front of the card. Try to work out the answer in your head or on a piece of paper. Then, flip the card over (or look at the answer) to see if you are right. Use the word bank if you need help with the words.

Max has £5. He spends £2 on a star for the tree. How much does he have left?	**A pack of 3 candy canes costs £1. How much do 6 candy canes cost?**
£3	£2
