

Spooky Math Flashcards with Max the Monkey

Learning objective: To practice addition, subtraction, and money calculations within 100 using a Halloween theme.

Read the front of each card to Max the Monkey. Try to solve the math problem before checking the answer on the back.

Max has 15 spooky stickers and finds 10 more. How many stickers does he have in total?	A bag of pumpkin sweets costs 45p. If you pay with a 50p coin, how much change do you get?
25 stickers	5p
There are 38 ghosts in the haunted house. 12 ghosts fly away. How many ghosts are left?	What is the value of £1 plus 20p?
26 ghosts	£1.20
If one spider has 8 legs, how many legs do 2 spiders have?	Zara the Zebra has 3 packs of glittery bats. Each pack has 10 bats. How many bats are there altogether?
16 legs	30 bats
You have 85p. You spend 40p on a mask. How much money do you have left?	Max sees 22 orange pumpkins and 18 black pumpkins. How many pumpkins are there in total?
45p	40 pumpkins
Which is more: £1 or 95p?	A skeleton has 20 bones in its feet. It loses 5 bones. How many bones are left?
£1	15 bones
If a witch's hat costs £2 and a broomstick costs £3, what is the total cost?	Count back in tens from 100: 100, 90, 80, ... what comes next?
£5	70
