

Max's Market Stall Math

Learning objective: To recognize, identify, and count coins and notes in dollars and cents.

Help Max the monkey run his fruit stall! Color in the coins and notes to help him keep his money organized, then answer the questions below.

Colour this: A friendly monkey named Max wearing a small apron standing behind a wooden market stall. On the stall counter, draw a variety of British coins (1p, 2p, 5p, 10p, 20p, 50p, £1, £2) and a £5 note scattered neatly. Beside the stall, draw a basket filled with shiny red apples. The coins should have clear outlines so children can color them the correct metallic colors (copper for 1p/2p, silver for others). Max is holding a notepad and pencil, looking happy.

Steps:

1. Label the £2 coin in your picture.
2. Label the 50p coin in your picture.
