

Max's Market Day

Learning objective: To represent amounts of money using drawings of coins and notes.

Max the monkey is at the market. Help him get ready to buy fruit by drawing the money he needs. Follow the steps below to complete your drawing.

Draw: Draw a large rectangular market stall table. On the left side of the table, draw the coins to make 50p. On the right side of the table, draw the coins to make £1.20. Use simple circles for coins. Write the value of each coin clearly inside the circles.

Label words: £1 coin · 50p coin · 20p coin · £5 note · Total · Pounds · Pence

Steps:

1. Step 1: In the empty box below, draw the coins Max needs to pay exactly 50p for his apple.
2. Step 2: Draw the coins needed to pay exactly £1.20 for the bananas.
3. Step 3: Label your coins using the words from the word bank.
4. Step 4: Write the total cost of the apple and the bananas in the space provided.
