

Max's Multiplication Mission

Learning objective: To recall and use multiplication facts for the 2, 5 and 10 multiplication tables and solve problems involving multiplication.

Help Max the monkey solve these math puzzles by using your times tables. Show your working out clearly.

Word bank: multiply · groups of · times · array · total · product

1. Max has 4 bags of bananas. Each bag has 5 bananas inside. How many bananas does Max have in total? Write a multiplication sentence to show your answer. (2 marks)

2. Draw an array to show 3×2 . Then, write the total number. (2 marks)

3. Finn the dolphin sees 6 groups of 10 seashells on the sand. How many seashells are there altogether? (1 mark)

4. A pack of stickers costs £2. Zara buys 5 packs. How much money does she spend in total? (2 marks)

5. Complete the missing number: $8 \times 2 = ? \times 8$ (1 mark)

Draw: Draw a picture of 5 groups of 2 apples. Underneath your drawing, write the multiplication sum.

Extension challenge: If Max has 20 bananas and shares them equally into 2 piles, how many bananas are in each pile? Is this multiplication or division?
