

Kit's Clever Computing Rules

Learning objective: To understand how to stay safe and ask for help when using tablets or computers.

Look at the drawing prompt below. Use your pencils and crayons to create a picture of a safe digital space. Then, answer the questions to show what you know about using technology safely.

Draw: Draw a picture of yourself sitting in a comfortable chair using a tablet. Next to you, draw Kit the fox helping you choose a fun, safe game. Make sure to include a bright screen, a window showing the sunny outdoors, and your trusted adult nearby. Use bright colors and make the scene look happy and calm.

Label words: Trusted Adult · Screen · Kind Words · Help · Safe

Steps:

1. If you see something on a screen that makes you feel worried or sad, who is the first person you should tell?
2. Why is it important to ask a trusted adult before you click on a new game or video?
3. Draw a smiley face next to the person in your picture who is keeping you safe.
4. What should we say to our friends when we send them messages online?
5. If a game asks for your name or where you live, what should you do?
