

Nova's Fall Discovery Journal

Learning objective: To observe and describe changes across the four seasons, specifically focusing on fall.

Use your senses and your science knowledge to complete this journal entry. Look at the leaves, feel the air, and think about what Nova the owl might see in the woods.

As I walked through the woods with Nova, I noticed that the season was changing to fall.

Word bank: crunchy · golden · changing · cooler · deciduous · because · and · then · fall
