Year 6 English Assessment: The Art of Character Description

Learning objective: To demonstrate the ability to use expanded noun phrases, relative clauses, and precise adjectives to create vivid, multi-layered character descriptions.

Read the character profile below carefully. Answer the questions that follow using your knowledge of descriptive techniques, focusing on show-don't-tell, vocabulary choices, and grammatical accuracy.

Max the monkey sat perched upon the highest branch of the ancient oak tree, his brow furrowed in deep concentration. He held a small, weathered notebook, its pages filled with complex equations written in frantic, swirling ink. His fur, a deep shade of mahogany, was slightly matted from his morning trek through the dense forest, yet his eyes—bright, amber orbs—darted around the clearing with restless energy. Every time he spotted a pattern in the falling leaves, he would let out a sharp, joyful chitter, his long tail twitching rhythmically like a metronome keeping time for a silent symphony.
