

Celebrating Heroes: A Black History Month Drawing Sheet

Learning objective: To recognise the achievements of significant historical figures and reflect on the importance of celebrating diverse contributions to society.

Today, Ellie the elephant is helping us celebrate Black History Month! Use the drawing space to create a scene that honours someone who has made a difference in our world. You can choose a historical figure or someone who inspires you. Use the word bank to help you add labels to your picture.

Draw: In the large empty space, draw a portrait of a person who has made a positive change in the world. Use a bright, celebratory style. Include a background that shows their achievement—for example, if they were a scientist, draw beakers and stars; if they were a teacher, draw books and a classroom. Use bold colours to make your hero stand out.

Label words: courage · leader · kindness · change · history · inspiration

Steps:

1. Think of a person who has made the world a better place. Write their name here and one word to describe them.
2. Why do you think it is important to learn about different people from history?
3. Step 1: Draw a portrait of a person you admire in the centre of your page.

4. Step 2: Draw items around your person that represent what they are famous for (e.g., books for a writer, a microphone for a speaker).
5. Step 3: Label your drawing using at least three words from the word bank.
