

Celebrating Heroes: A Drawing Activity

Learning objective: To identify and celebrate the achievements of people from Black history who have made a positive difference in our world.

Follow the steps below to create a tribute drawing. You can use pencils, felt tips, or crayons to make your work colourful. Use the word bank to help you label your picture.

Draw: Draw a portrait of a person who has made a difference. Use bright colours. Include a background that shows where they work or what they enjoy doing. Add labels using words from the word bank to describe why they are a hero.

Label words: Hero · Kindness · Courage · Change · Future · Respect

Steps:

1. Step 1: Draw a person in the centre of your page. Give them a smile to show they are friendly.
2. Step 2: Draw an object near them that shows what they are good at (e.g., a book for a writer, or a tool for a scientist).
3. Step 3: Draw a speech bubble coming from your hero. Write one kind word inside it.
4. Step 4: Use the word bank to add two labels to your drawing.
