In 1605, a group of men plotted to destroy the Houses of Parliament in London. They hid barrels of gunpowder in a cellar beneath the building. This plan is known as the Gunpowder Plot. The plot was discovered before it could be carried out, and King James I was kept safe. To celebrate the King's safety, people lit bonfires across the city. Today, we remember this event on the 5th of November with fireworks, bonfires, and sometimes toffee apples. It is a time to reflect on our history and why we value safety and peace in our society.
