Character Creator: Meet Our Friends

Learning objective: To use descriptive adjectives and expanded noun phrases to create and label a character description.

Today, you are going to design a new friend for our BookFlik group! Choose one of the characters below to draw, or create a brand new one. Use your best descriptive language to label your drawing so we know exactly what they are like.

Draw: Draw your character in the centre of the page. Use a sharp pencil to add detail to their face and clothing. Ensure you draw them doing something they love (e.g., Nova reading a book, or a new character painting a picture). Add labels around your drawing using lines to point to specific features, like 'sparkly wings' or 'knitted scarf'. Use the word bank to help you write these labels.

Label words: shimmering · gentle · curious · spotted · magnificent · thoughtful · vibrant · clever · tiny · enormous

Steps:

1. Choose two adjectives from the word bank to describe your character's personality. Why did you choose these words?
2. Write an expanded noun phrase to describe one feature of your character (e.g., 'the shimmering, golden

scales').

3. What is one item your character always carries in their bag? Explain why they need it.

4. Label your drawing with at least four descriptive adjectives from the word bank.

5. If your character went to the shop to buy a book for £4.50 and a pen for £2.25, how much would they spend in total?
