

Celebrating Pioneers and History Makers

Learning objective: To recognise the contributions of Black historical figures and reflect on how their courage and achievements have shaped our society.

Use this sheet to create a commemorative collage. You will draw a central figure of your choice and surround them with symbols that represent their impact on the world. Use the word bank to help you label your creation.

Draw: In the centre of the page, draw a portrait or a symbolic representation of a historical figure who has made a significant contribution to society. Surrounding the central image, draw symbols that represent their achievements (e.g., a book for an author, a telescope for a scientist, or a bridge for someone who brought communities together). Use bright colours to make the 'Legacy' stand out. Ensure your drawing style is respectful and clear, using labels from the word bank to annotate your work.

Label words: Courage · Pioneer · Inspiration · Legacy · Change-maker · Justice · Contribution · Equality

Steps:

1. Choose one historical figure you have studied. Briefly explain why they are considered a pioneer.
2. Which quality (from the word bank or your own) do you admire most in the person you have chosen? Explain why.

3. Label your drawing with three words from the word bank that describe the positive impact your chosen figure had on society.
4. How can learning about history makers help us make better choices in our own lives today?
5. Write one sentence explaining how your drawing represents the 'legacy' of your chosen figure.
