

Class 4 PSHE Assessment: Our Local Community

Learning objective: To understand the roles within a community, the importance of mutual respect, and how individuals contribute to a thriving neighbourhood.

Read each question carefully. Use your best handwriting and full sentences where required. Think about how your actions affect the people around you.

Max the monkey has moved to a new neighbourhood. He notices that the community works well because everyone does their part. Some neighbours volunteer to clear litter from the park, others help elderly residents with their shopping, and some organise local sports clubs. Max wants to ensure he is a helpful member of this new community, so he decides to start a project where neighbours can share their skills with one another.
