

Being Part of a Community: Flashcards

Learning objective: To understand what a community is and how we can contribute to it positively.

Read the front of the card. Think about the answer. Then, look at the back of the card to check if you are right. Use the word bank to help you understand the meanings.

What is a community?	What is one way to show kindness in your community?
A group of people who live in the same place or share the same interests.	Helping a neighbour carry their shopping or picking up litter.
Who is a person that helps our local community?	What does it mean to volunteer?
A teacher, a doctor, a police officer, or a shopkeeper.	To give your time for free to help others without being paid.
Why is it important to show respect to people in our community?	What is a 'shared' space in a community?
It makes everyone feel safe, happy, and valued.	A place everyone can use, like a park, a library, or a playground.
How can you support a friend in your school community?	What can you do if you see someone feeling lonely in your community?
By listening to them and being kind.	You can say hello or invite them to join in your game.
True or False: A community is only made of people you know well.	How does Max the Monkey help his community?
False. A community includes everyone in your local area.	He uses his maths skills to help plan fair games for everyone to play.
