

Building a Better Community with Leo the Lion

Be a Community Champion: Small acts create big changes!

- A community is a group of people living in the same place or having shared interests. How does working together help solve problems?
- Every person plays a role. By respecting public spaces like parks and libraries, we show care for our shared environment.
- Inclusivity means making sure everyone feels welcome and valued, regardless of their background or beliefs.
- Responsibility involves following rules that keep everyone safe, such as road safety or being kind to others online.
- Volunteering your time to help others is a fantastic way to improve the wellbeing of your local area.

Did you know? Did you know? In many parts of the world, communities rely on a 'gift economy' or volunteer networks to help those in need. Even small actions, like picking up litter or checking on a neighbour, help build a stronger, safer home for everyone!
