

# Crafting Your Own Myth: A Hero's Journey

*Learning objective: To structure an original myth using traditional narrative conventions, including a hero, a supernatural challenge, and a moral lesson.*

Follow this scaffold to build your own legend. Think about the setting, the hero's special quality, and the challenge they must overcome. Use the word bank to add descriptive detail and ensure your story flows logically.

In the shadow of the Whispering Peaks, where the clouds touch the earth, there lived a hero whose name was spoken only in hushed, respectful tones.
