

Celebrating Heroes: A History Drawing Sheet

Learning objective: To identify and illustrate the achievements of significant figures in Black history who have helped shape society.

Follow the steps below to create a portrait and a scene. Use your pencil to sketch first, then colour your work. Use the word bank to help you label your drawing.

Draw: Create a portrait of a person who made a positive change in history. Draw them in the middle of the page. Surround them with symbols of their achievements. Use a bold, clear style. Add a background that shows the environment where they lived or worked (for example, a classroom, a laboratory, or a public meeting space). Use bright colours to show that their work is celebrated today.

Label words: Hero · Medal · Contribution · Change · Inspiration · Community

Steps:

1. Step 1: Choose one historical figure you have studied. Draw them in the centre of your page. What is one object that represents their work (like a book, a microphone, or a medical tool)? Draw it next to them.
2. Step 2: Label your drawing with two words from the word bank to explain why this person is an inspiration.
3. Step 3: Draw a small speech bubble coming from your character. Write one sentence about how they helped make the world a better place.

4. Step 4: Draw a background that shows the community or place where they did their important work.
