

Being Part of a Community

Learning objective: To understand what a community is and how we can help people in our local area.

Read each question carefully. Use the word bank to help you write your answers. Max the monkey is here to help you think about how we can work together!

A community is a group of people who live, work, or play in the same place. We all belong to many communities, like our school, our street, or our town. When we are kind and helpful to others, our community becomes a happy place to live.
