Staying Safe in the Digital World with Kit the Fox

Learning objective: To identify how to stay safe online and understand the importance of protecting personal information.

Follow the drawing prompts below to create your own 'Online Safety Shield'. Use the word bank to add important labels to your artwork.

Draw: Create an 'Online Safety Shield' illustration. The style should be clear and colourful, suitable for a poster. In the centre, draw a large, sturdy shield. Around the shield, sketch Kit the Fox looking helpful and encouraging. Include small icons representing a 'secure padlock' for passwords, a 'magnifying glass' for checking facts, and a 'heart' to represent kind communication. Leave space around the edges to write your labels from the word bank.

Label words: Private Information · Password · Trusted Adult · Digital Footprint · Respect · Kindness

Steps:

1. Step 1: Draw a large shield in the centre of your page. Inside the shield, draw three symbols that represent ways you keep yourself safe online. Explain what these symbols mean.
2. Step 2: Label the shield with three words from the word bank. Why did you choose these specific words?
3. Step 3: Draw a speech bubble coming from Kit the Fox (a fox with big ears and a clever expression). What

is one piece of advice Kit would give to a friend who is unsure about a message they received online?

4. Step 4: Think about 'Private Information'. List three examples of details you should never share with someone you only know online.

5. Step 5: Why is it important to talk to a trusted adult if you see something online that makes you feel uncomfortable or worried?
