

Bonfire Night with Max and Nova

Learning objective: To identify and illustrate key features of Bonfire Night and understand why we celebrate this tradition safely.

Follow the steps below to create your Bonfire Night picture. Use your best colours to make the scene bright and exciting!

Draw: Create a nocturnal landscape scene. In the centre, draw a neatly stacked bonfire with bright orange and yellow flames. Above the bonfire, fill the dark blue night sky with colourful, star-shaped fireworks. To the side, draw a simple branch where Nova the owl is perched. Include a small figure holding a glowing sparkler safely away from the fire. Use bright, bold colours to contrast against the dark night background.

Label words: Bonfire · Fireworks · Sparkler · Glow · Night sky · Safety · Warm

Steps:

1. Step 1: Draw a large, safe bonfire in the middle of your page. Label the flames.
2. Step 2: Draw two bright fireworks in the night sky. What colours will you use?
3. Step 3: Draw Nova the owl watching the sky. Where is she sitting?
4. Step 4: Draw a sparkler in someone's hand. Remember to draw them wearing a glove for safety!
