Kit’s Clever Online Safety Shield

Learning objective: I can identify how to stay safe and kind when using the internet.

About 15 minutes. Grown-up tip: Please read these safety questions with your child to help them feel confident about who to ask for help.

Follow the steps to build your online safety shield. Think of Kit the Fox, who always uses his clever brain before clicking! Example: If you see a mean message, you should show an adult. Draw a 'Stop' sign next to it.

Draw: Draw Kit the Fox standing on the left side of the page. In the middle, draw a large, blank knight's shield. Use bright colours to decorate the shield. Around the shield, add small icons for a tablet, a laptop, and a 'Report' button.

Label words: Private · Kindness · Report · Password · Trusted Adult

Steps:

1. Step 1: Draw a large shield in the centre of your page. Inside the shield, write one secret rule for keeping your password safe.
2. Step 2: On the left side of your shield, draw a picture of a 'Trusted Adult' you could talk to if something online makes you feel worried.

3. Step 3: Label the 'Report' button on your shield. Why is it important to have this button?

4. Step 4: Draw a speech bubble coming from Kit the Fox. Write a kind message you could send to a friend online.

5. Step 5: Draw a 'Private' padlock at the bottom of your shield. List two things you should never share online (like your address or school name).

I did it! Name: _____ Date: _____
