# Digital Detectives: Staying Safe Online

*Learning objective: I can identify risks online and explain how to stay safe using digital footprints and privacy settings.*

*About 15 minutes. Grown-up tip: Please read these definitions with your child to discuss their online experiences and ensure they feel comfortable reporting any concerns to you.*

## Key Vocabulary

*Use this reference mat to help you navigate the digital world. Read the definitions carefully to understand how to protect your personal information. Example: 'Digital Footprint: The permanent record of your online activity. Think of it like footprints left in the sand that never wash away.'*
