# Rosa's Seasonal Calendar: Months of the Year

*Learning objective: I can identify and write the months of the year in French.*

*About 15 minutes. Grown-up tip: Encourage your child to say the French months out loud to practise their pronunciation.*

Rosa the parrot is helping you learn the months! First, look at the Word Bank. Next, draw a picture to show each month in the boxes below. Finally, label your picture with the correct French word. Example: For 'janvier', you could draw a snowman.

**Draw: Create a grid of 12 boxes on the page. In each box, leave space for a small illustration at the top and a writing line at the bottom. The style should be clean and friendly, suitable for a classroom worksheet. Include a small cartoon of Rosa the parrot in the corner wearing a beret.**

*Label words: janvier (jan-vee-AY) - January · février (fay-vree-AY) - February · mars (mar) - March · avril (ah-VREEL) - April · mai (may) - May · juin (zhwan) - June · juillet (zhwee-AY) - July · août (oot) - August · septembre (sep-TAHM-bruh) - September · octobre (ok-TOH-bruh) - October · novembre (no-VAHM-bruh) - November · décembre (day-SAHM-bruh) - December*

**Steps:**

1. Draw a picture for 'juin' (June) in the first box and label it with the French word.

2. Draw a picture for 'octobre' (October) in the second box and label it with the French word.

3. Which month comes after 'mars'? Write the answer in French.

4. Which month do we celebrate Christmas in? Write the French word.

5. Write a French sentence to say your favourite month: 'Mon mois préféré est...' (My favourite month is...)

**I did it! Name: _____ Date: _____**
