Rosa's School Day French Flashcards

Learning objective: I can name common school items and greet my friends in French.

About 15 minutes. Grown-up tip: Read the French words aloud together and see if your child can find the matching object in their school bag.

Use these flashcards to practise your French. Look at the word on the front, say it out loud, then flip the card to check the meaning. Example: If the front says 'Le stylo', say 'luh STEE-loh' and remember it means 'the pen'.
