Rosa’s French Time Adventure

Learning objective: I can tell the time in French using 'o'clock' and 'half past'.

About 15 minutes. Grown-up tip: Practice saying the times out loud together to help with the French pronunciation.

Rosa the parrot is helping us learn how to say the time in French. In French, we use 'Il est...' (It is...) to tell the time. Look at the examples below:

Example 1: 3:00 is 'Il est trois heures' (eel ay trwah ur).
Example 2: 3:30 is 'Il est trois heures et demie' (eel ay trwah ur ay dem-ee).

Remember: In French, we always add 'heures' (hours) after the number.

Word bank: une (oohn) · deux (duh) · trois (trwah) · quatre (kat-ruh) · cinq (sank) · six (sees)
