Easter Traditions and Symbols

Learning objective: I can identify and illustrate symbols associated with Easter and explain their meanings.

About 15 minutes. Grown-up tip: Ask your child why they chose those specific colours for their drawing.

Use your pencils to draw the Easter scene described below. When you add a symbol, label it using the words from the bank. For example, if you draw a small plant, you might label it 'Daffodil'. Add colour to make your scene bright and cheerful!

Draw: Create a landscape-style drawing. In the middle, place a large, colourful Easter egg. To the left, draw a blooming daffodil with a long stem. In the top right corner, draw a small robin perched on a tree twig. In the bottom left corner, draw a simple, neat cross. Use bright, spring colours like green, yellow, and sky blue.

Label words: Daffodil · Easter Egg · Robin · Cross · Springtime

Steps:

1. Draw a large, decorated Easter egg in the centre of your page. Decorate it with patterns like stripes or spots.
2. Draw a bright yellow daffodil growing next to the egg to show that spring has arrived.

3. Add a small, friendly robin sitting on a branch above your egg.

4. In the corner of your drawing, carefully sketch a simple cross. Why do you think this is an important symbol for Christians at Easter?

5. Write one sentence at the bottom of your sheet explaining why eggs are often used as a symbol of new life.

I did it! **Name:** _____ **Date:** _____
